First National Bank of Chester County Donates \$1000 to West Chester Area Day Care Center

WEST CHESTER _ First National Bank of Chester County recently presented a \$1000 check to the West Chester Area Day Care Center.

“The West Chester Area Day Care Center is a wonderful community asset,” said John A. Featherman III, Chairman and Chief Executive Officer of First National. “The center provides quality early childhood programs that help children develop emotionally, socially, intellectually and physically in a safe and nurturing environment. We are proud to support such a worthy center that offers affordable child care to all parents, especially those with the greatest financial need.”

The funds donated to the Center will be used in connection with the Center’s Good Nutrition Program. This program was developed to maintain the children’s physical health through the provision of healthy meals and encouraging children to make healthy food choices. Good health and nutrition are fundamental to achieving a child’s full educational potential as nutrition affects intellectual development and learning ability.
